

GLOUCESTER
ACADEMY

Sponsorship and Rewards

At Gloucester Academy, we know the importance of recognising our students for their hard work and successes. To ensure that we do this, we are steadfastly committed to incentivising and rewarding students. These awards are given to recognise a variety of achievements, including impeccable attendance, the demonstration of endeavour and commitment, and the production of outstanding work.

To add prestige to these awards, we are looking for businesses and organisations to sponsor them. Your contribution will enhance the reputation of the awards, making our students even more determined to be a winner.

Alongside sponsoring awards, we also invite organisations to contribute their own rewards to be given to students, whether they be trophies, medals, or gift cards. Any form of incentive for our students to work hard, strive for success, and fulfil their potential will be warmly welcomed.

Mutual Benefits

Sponsoring an award attaches your company name to an honour that recognises the hard work of secondary school students, demonstrating your commitment to supporting and encouraging the next generation. Equally, donating a reward, in any form, represents a contribution by your company to invest in the future.

Awards provide our students with an added incentive and further motivation to put in maximum effort and

strive to be as successful as possible. The addition of a reputable company name to the awards will only make students more intent on being chosen as a winner.

You can also rest assured that the money we receive from your sponsorship of an award is reinvested in the education of our students and used to maintain the high standard of teaching we provide.

How to Get Involved

Call Gloucester Academy on **01452 428800** or email Mike Steward at **msteward@gloucesteracademy.com** to find out more about the variety of awards we present to our students. Simply choose which award you would like to support, and your organisation will be recognised as the sponsor of the award.

If you are interested in donating a reward, please let us know what you will be supplying and detail the achievement you want it to recognise.
